

Would you like a **Coordinate My Care plan?**

As a patient you may well have views about your future care: what you would like to happen, where you want to receive care, and even things you would like to avoid. Coordinate My Care (CMC) is an NHS service that can help you record your views and wishes within an electronic personalised urgent care plan.

This care plan can be seen by doctors, nurses, people providing you with social care and emergency services to help them understand the choices you have made about your care. CMC is available to patients in London.

**Please ask your doctor or nurse for more details
and an information leaflet**
